We may also share your PHI from time-to-time to another physician or health care provider (e.g., a specialist or laboratory) who, at the request of your physician, becomes involved in your care by providing assistance with your health care diagnosis or treatment to your physician.

We may also share your PHI with people outside of our practice that may provide medical care for you such as home health agencies.

**We may use and disclose your PHI to obtain payment for services. We may provide your PHI to others in order to bill or collect payment for services. There may be services for which we share information with your health plan to determine if the service will be paid for.**

PHI may be shared with the following:

- Insurance companies, health plans
- Government agencies in order to assist with qualification of benefits

EXAMPLE: You are seen at our practice for a procedure. We will need to provide a listing of services such as x-rays to your insurance company so that we can get paid for the procedure. We may at times contact your health care plan to receive approval PRIOR to performing certain procedures to ensure the services will be paid for. This will require sharing of your PHI.

**We may use or disclose, as-needed, your PHI in order to support the business activities of this practice which are called health care operations.**

- Police or other law enforcement purposes: The release of PHI will meet all applicable legal requirements for release.

**Other uses and disclosures of your health information.**
